<p>Summer Sounds 10 Discussion on whether or not youth council want to continue with SS10 in current format, evolve event or discontinue and run smaller events/projects.</p> <p>Mixed comments</p> <p>Bands get a lot from it Like to do it same format Needs to be bigger and better People aren't talking about it anymore – not like larger festivals Night/evening event – indoor – diff format – although no other gigs (Pioneer/The Horn) when initially discussed in 2009 Not to be run as previous – had its time – so many festivals – pay/free Smaller and shorter events Could be improved Needs to be developed People recognise the event but needs to be embellished – decorations around field, themed, activities. Getting the same/repetitive Must be in St Albans – perhaps change venue? although near train station Nicer to have it open – no cordons, no searching, relax re smoking Good event – come and go, no pre-booking, relaxing</p>		
<p>Vote of Thanks The group gave a vote of thanks to Jeni for her work with the youth council over the past two years</p>		
<p>Recruitment The youth council recognised that they needed to recruit more members as a number will be moving on next year.</p> <p>To be taken forward</p>
